Understanding the Network Performance of Graph Processing Frameworks

Anil Yelam, Audrey Randall

Abstract

An abstract is like a movie trailer. It offers a preview, highlights key points, and helps the audience decide whether to view the entire work. Abstracts are the pivot of a research paper because many journal editorial boards screen manuscripts only on the basis of the abstract.

1 Introduction

The importance of balanced execution of big data frameworks Why we picked graph processing

Sections:

- A taxonomy of Graph Processing Frameworks and their computation models

- Detailed description of Apache Giraph

-
